See You At The Pool

The pool staff is out of the pool, but hoping to get back in! After a week of learning and practicing lifeguarding skills, first aid, CPR and AED training, the pool staff is taking their lifeguard certification test. They are tested on real life scenarios. The two-part test consists of written and in-pool portions.

Look Out For A Banner Bus In Your Neighborhood Today

Driver training is in full force as drivers are practicing their Banner routes. Each driver had individual training and testing with a bus trainer and is excited for campers to tag along for the ride! The main focus of the training is putting safety first. The buses have counselors that provide an interactive experience for the campers with a variety of games and activities. They will be making another trip next Friday to drop off your bus bags!
