DEAR CAMP FAMILIES,

This summer is going quickly! We have loved spending time with your campers and sincerely hope they are enjoying every day spent at Banner. We know that our campers are experiencing friendship, joy and fun!

The first half of the summer has been packed with campers making new friendships (and reuniting with old friends), great activities, and exciting special events.

Our campers truly seem grateful for the opportunity to be at camp, and are having so much fun! They have learned so much and have been working hard demonstrating our STARFISH Goals of the Week. Banner campers are wonderful – they are empathic and kind. We see campers every day who are working together, believing in themselves, and are full of smiles and joy. Banner campers are learning to “Be a Force for Good” everywhere they go and we hope that you are seeing this at home as well.

All our best,
Stacy & Howard
